Dear Friends:

In my letter to you a year ago, I wrote that “the compassion and generosity of our community is most clearly demonstrated in challenging times.” The Fiscal 2021-2022 results for the John’s Island Foundation clearly show that’s true: donations to the Foundation increased 13% versus the prior year, again setting a new record. As a result, we were able to make over $1.1 million in grants to local charities, a 22% increase. Those grants included our inaugural Ellie McCabe Leadership Grant of $200,000 for the construction of affordable housing units in Vero Beach.

The John’s Island Foundation supports the education, health, and financial stability of children, families, veterans, and the elderly by funding capital projects. We’re one of the few funding organizations in Indian River County that do so. By building and maintaining the capacity to serve, our capital grants deliver tangible benefits now and into the future. On behalf of the Board of Directors, thank you to everyone who contributed. Together we are making a difference in the lives of people in need. We’re especially grateful for our Leadership Circle members; without their extraordinary commitment, these results would not be possible.

Unfortunately, “challenging times” have not ended, in Indian River County or the nation as a whole. COVID-19 is still with us, and economic headwinds have stiffened. While we all now face inflation, weak financial markets, and the possibility of recession, these economic challenges fall most heavily on people already in need. We hope that we can count on your support again this year.

I also want to thank our site review teams, who volunteer their time and energy to directly connect with the charitable agencies seeking our support. Site review teams evaluate grant requests by seeing first-hand how agencies support the community and the impact their work has on people. I encourage you to consider joining a team this season. If you’re interested, please contact any Foundation Board member. There are still many people in Indian River County who need assistance. By continuing to work together, we can help. Thank you for joining the effort.

Don Blair, President

The triplex that the JI Foundation is funding is about cooperative relationships among funders, local government and private providers, and so much more. It is a shining moment when the true meaning of “community” comes through. JIF provided the energy and support to ignite the spirit of community and stood with us to allow the vision to become an actual reality.”
